

Dear Lt. Colonel Bratt and Chief Jensen,

I am writing to express my heartfelt gratitude for the generous scholarship that I have been awarded by the Rocky Mountain Chapter of the FBI National Academy Associates. I am honored to be selected as the recipient of this year's Bill Stanford Scholarship and want to extend my sincerest thanks for the invaluable support you have provided me in pursuing my educational goals. Please share my gratitude with the Board and membership.

Receiving this scholarship means a great deal to me, not only in terms of financial assistance but also as a validation of my hard work and dedication. The financial burden of education can be overwhelming, and your scholarship has helped to lighten that load, allowing me to focus more on my studies and personal growth. Your organization's commitment to recognizing and supporting students like me is truly commendable.

I am currently pursuing a degree in Integrative Physiology at the University of Colorado Boulder with a Leadership Studies Minor and a Public Health Certificate. Your scholarship will directly contribute to my tuition, fees, and textbooks, thus enabling me to excel throughout my first year. I am extremely thankful for your generosity, as I am now one step closer to achieving my academic and career aspirations.

Beyond the financial aid, this scholarship has also provided me with a tremendous sense of encouragement and motivation. Knowing that esteemed organizations such as the Rocky Mountain Chapter of the FBI National Academy Associates believes in my potential fills me with confidence and inspires me to strive for excellence in all my endeavors. Your recognition has reaffirmed my commitment to making a positive impact on society and upholding the values that your organization represents.

Once again, thank you for this incredible opportunity. I am honored to be a recipient of this year's scholarship, and I assure you that I will make the most of this privilege. First responders throughout the nation sacrifice so much for the safety and wellbeing of society and I am both eager and prepared to do my part in serving my community through the world of health care as I continue to grow throughout my educational endeavors.

Sincerely,

Hayden Stephens
